Welcome, Miik lovers!

Use this quick guide to find out which of our Spring/Summer 2026 colours belong to each **Home Season** colour palette (Spring/Summer/Autumn/Winter).

Don't know your season? That's okay! Here are a few tips to **discover your best colours**, anyway:

Find your undertone

Grab a cool white, warm cream, and neutral soft grey item from your closet and see which one makes your face light up and look most "at home" in natural light.

Compare "soft" vs "bright" colours

Have a little fun comparing "quiet" colours like rose mauve or olive against bolds like poppy red to see if your features prefer a gentle touch or a high-contrast splash of energy.

Look for the "Pick-Me-Up"

Choose the colours that give you a natural "oomph", making you look refreshed, defined, and well-rested while giving your skin a healthy glow.

In the end, it's about what makes you feel the most beautiful!
